From her background of Office Manager for 3 local companies and her excellent computer skills, she will make a valuable addition to our Board. The bonus which comes with her appointment, is a contribution to the gender balance of the Society's governance which strives to appropriately represent the profile of the membership.

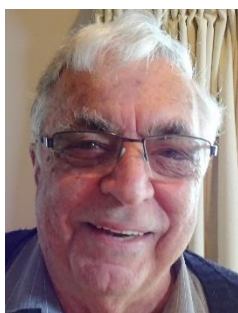

NON - BOARD MEMBER SUPPORT PERSONNEL

Paul Wilkinson. Paul is also a member of the Rebus Club of Hibiscus Coast. Among his many talents is website design and maintenance. Rebus NZ Inc's website was originally designed by John McColl and is kept up to date on a regular basis. Rebus administration has decided that a "fresh look" website is now appropriate given the passage of time. With Paul's assistance, what you are now viewing is the "new look" which should make for easier navigation and viewing or downloading of documents. The Rebus Board expresses its appreciation to Paul for his ongoing assistance in keeping our website relevant in today's changing environment.

Jean McIntosh. From her former roles as an executive secretary for United Realty, Pilkington Glass and NZ Shipping Corporation, Jean provides administrative support to the Rebus NZ Board together with editing and proof-reading of Rebus communications. She is also the Editor of Rebus Club News and can claim the credit for coming up with the "**Rebus**" name during a brainstorming session in September 2015 when an alternative for the "Probus" name was sought. Jean is a foundation member of the Rebus Club of Gulf Harbour.

John McColl. (*Foundation Member of Rebus NZ Inc*). John, as a member of the former Probus Club of Hibiscus Coast, adapted the sophisticated software he had designed for that Club's own membership records, to provide a database for use by the short-lived Probus NZ Inc. With the establishment of Rebus NZ Inc, John has again used his programming skills to replicate this facility for the benefit of all Rebus affiliated clubs. He has also designed a data base for the new Rebus Club of Gulf Harbour.
